

Christmas Tree Ornament

WHAT YOU NEED:

- Fabric big enough to cut an 8 to 10-inch circle
- Ribbon, twine or yarn
- Needle and thread
- Sewing machine

HOW TO MAKE IT:

Cut a circle of fabric OR for more variety sew two strips of fabric together and with the strip folded in half cut out half a circle (opened up it will be a full circle).

Fold the circle in half with right sides together.

Sew around the edge stopping about 1 ½ inches from the edge, leaving it open.

Turn right side out and press.

Top stitch around the entire half circle, enclosing your opening.

About 3-inches from the left side, fold the right side of the fabric over and continue to back and forth until you come to the end. Press in place. Stitch each fold to the back. Attach ribbon/yarn/twine to the top of the ornament.
