**Building Fan Loyalty** 

## Goal

A newsletter is a periodically published document containing news and announcements about a subject or theme. The purpose of a newsletter is to provide highly specialized information to a targeted audience. Staying in touch with your fans and ticket holders is important because it builds team loyalty. In this project, you will create a team newsletter to send to fans and season ticket holders.

## **Tactics**

- Look at some samples of newsletters online to use as a guide as you design your own.
- An effective newsletter should be attractive, well organized, and self-explanatory with text and graphics linked to a specific target audience.
- The masthead is the top portion of the newsletter that provides readers with the name, publication date, and other important information. It should be the most prominent element of the newsletter, so take your time with its design.
- Read through ALL instructions before proceeding with this project.

## **Instructions**

1. Follow the instructions provided and complete the Newsletter Planning Form. You will use this information to complete the final.
